INSURANCE – John Ricca, Jr.

From Your Field Agent: I hope that you find the following comments made recently by Supreme Knight Carl Anderson of interest. “The Knights of Columbus insurance program has more than \$64 billion of life insurance in force and we are among the Fortune 1000. Like all such companies, we invest the premiums paid by our certificate holders in a variety of investment vehicles. Today we have nearly \$14 billion of assets under management. But we have always maintained very high standards for the investments we make, putting our assets only into investment-grade bonds and the highest quality equities.”

“Ours is an insurance program that is designed by brother Knights for brother Knights and we believe that your best interests are served by a prudent and conservative investment philosophy.”

“Because we put our members’ interest first, and because we earn an excellent return on our investments the hard way – by seeking out the highest quality investments – we are able to offer you, our members, a rock solid foundation on which to build your financial future and protect your family. This is our commitment to you and your family.” Call me at 225/753-0393.
